# DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
# (AI&DS, IT, AI&ML, CYBER SECURITY)

# BATTLE OF THE BIDDERS

## ROUND 1: PRELIMINARY QUIZ ROUND

**Rules:**

- Each team will be provided access to a buzzer system.
- Only one member from each team is allowed to press the buzzer.
- The team that presses the buzzer first gets the opportunity to answer.
- The team must answer within 5 seconds after pressing the buzzer.
- If the answer is correct, points will be awarded.
- If the answer is incorrect:
    - The question will be passed to other teams.
    - Other teams may press the buzzer to answer.
- Team members must not use mobile phones, internet, or any external
- help.
- Any malpractice will lead to disqualification.
- The Quiz Master's decision will be final and binding.
- Scoring System
    - Correct Answer: +10 points
    - Wrong Answer: –5 points
- Qualification Criteria
    - Top 10 teams based on total points will qualify for Round 2.
    - In case of tie, tie-breaker questions will be asked

**ROUND 2: IPL AUCTION SIMULATION**

**AUCTION RULES:**

- Auction Purse (Budget)
  - Each team will be given a fixed virtual budget of ₹120 Crore
  - Teams must build their squad within this budget.
- Squad Composition Rules
- Recommended squad size:
  - Minimum Players: 12
  - Maximum Players: 15
- Category requirements:
  - Batsmen
  - Bowlers
  - All-Rounders
  - Wicket-Keepers
- Sold and Unsold Players
  - If no team bids, the player is declared unsold.
  - Unsold players may be reintroduced later if required.
- Budget Enforcement
  - Teams cannot exceed their remaining budget.
  - Once budget is exhausted, teams cannot bid further.
- Valid Squad Requirement
  - Teams must ensure minimum squad size completion.
  - Teams cannot stop early without completing minimum

- players.
- Time Management
  - Each player will have limited bidding time.
  - Organizers may accelerate bidding if required.

- Fair Play and Conduct
  - No external assistance allowed.
  - No arguments with auctioneer or organizers.
  - Any unfair practices will result in disqualification.
- Overseas Player Rule
  - Maximum overseas players allowed in a squad: 8
  - Maximum overseas players allowed in playing XI: 4
- Player Base Price
  - Each player will have a fixed base price.
  - Bidding must start from the base price.
- Bidding Process
  - Auctioneer will announce each player and their base price.
  - Teams may bid by raising their paddle or indicating their
- interest.
  - Bidding increments will follow the structure below:
- Increment Structure:
  - If the player price is up to ₹5 Crore → Minimum increment
- will be ₹50 Lakhs
  - If the player price exceeds ₹5 Crore → Minimum

- increment will be ₹1 Crore
- Example:
  - ₹2.0 Crore → next bid ₹2.5 Crore
  - ₹5.0 Crore → next bid ₹6.0 Crore
  - ₹6.0 Crore → next bid ₹7.0 Crore
  - The auctioneer will declare:
- "Going Once, Going Twice, Sold"
  - If no further bids are made, the player will be sold to the
- highest bidder.
- 11.WINNER SELECTION
- Winner will be decided based on:
  - Squad strength(each player points)
  - Budget management
  - Player balance
  - Strategy and team composition
- Judging will be done by faculty coordinators.
- 12.ORGANIZER AUTHORITY
  - The organizers reserve the right to modify rules if
- necessary.
  - The decision of organizers and judges will be final.

# PAPER PRESENTATION

## Rules and Regulations:

- Eligibility: Open to all registered Symposium participants, individual or 2 people
- participation only.
- Presentation Duration: 5 Minutes (Strictly Enforced)
- Language: English Only
- Evaluation:
  - Innovation & Originality : 40 %
  - Practicability & Feasibility : 30 %
  - Presentation Quality & Communication : 20 %
  - Technical Depth & Understanding : 10 %
- Guidelines:
  - Maximum two members can represent in one team.
  - PowerPoint Slides are Allowed and Encouraged.
  - Presentations must be prepared and ready on time.
  - Offensive Content, Plagiarism, or uncredited use of others' work is
- prohibited.
  - Late comers will not be allowed to present.
- Disqualification: Exceeding the time limit by 30 + seconds, Plagiarism or
- misconduct will lead to disqualification.
- Note: Judges' Decision will be final.

# GUESS THE GIBBERISH

## Rules & Regulations:

- The event consists of three rounds:
  - Round 1 – 20 seconds
  - Round 2 – 15 seconds
  - Round 3 – 10 seconds
- Each team must consist of two members only.
- Only one team is allowed to answer at a time. No chorus answering is allowed.
- Participants must stand and give the answer clearly when called.
- Use of mobile phones or any electronic gadgets is strictly prohibited.
- Overwriting and scratching are not allowed in the writing round.
- Discussion with other teams is strictly not allowed.
- Participants are not allowed to leave the venue during the event without permission.
- Teams must maintain discipline and silence while other teams are answering.

- If a team gives a wrong answer, the chance may pass to the next team (based on round rules).
- Points once awarded will not be changed.
- The decision of the judges will be final and binding.
- Any form of misbehavior may lead to disqualification.

# UI/UX IGNITE

**Rules:**

- ➢ Team Formation: Team of 2
- ➢ Time limit: 90 minutes
- ➢ Tools allowed: Figma/ Sketch
- ➢ Theme: On-spot theme
- ➢ Pre-made templates are not allowed
- ➢ Pre-downloaded pictures are not allowed
- ➢ Plagiarism leads to disqualification.
- ➢ Judges’ decision will be final.

ECHELON

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

# YUVASAKTHI 2K26

## TECHNICAL EVENT: CIRCUIT COMBAT (DEBUG NEXUS)

## Round 1 — Tech Pulse (MCQ Screening Round)

**Objective:**

Evaluate basic theoretical knowledge of electronics and circuit fundamentals.

**Topics Covered:**

- Electronic devices (diode, transistor basics)
- Resistor, capacitor basics
- Circuit analysis fundamentals

**Format**:

Quiz

**Time Duration:**

20 minutes

---

**Rules:**

- No mobile phones or external materials allowed.
- Each correct answer carries marks.
- Participants must submit before time ends.
- Answer sheet paper will be provided

**Filtering Method:**

Top 25–30 participants based on highest scores will advance to Round 2.

---

## Round 2 — Electro Challenge (Color Coding & Medium-Level Tasks)

**Objective:**

Assess practical basic skills and intermediate understanding of electronic components.

**Activities Included:**

- Resistor color code identification
- Electronic component identification
- Circuit symbol matching

**Format:**

Participants rotate through tasks or complete a given activity sheet.

**Time Duration:**

15–20 minutes total

---

**Rules:**

- Points awarded for accuracy and speed.
- No external help allowed.
- The judges' decision is final.

**Filtering Method:**

Top 10 to 15 participants with highest scores qualify for the Final Round.

---

## Round 3 — Debug Arena (Final Circuit Error Debugging)

**Objective:**

Test real-time circuit debugging and practical electronics skills.

**Format:**

Participants will receive a physical electronic circuit containing intentional faults.

**Possible Fault Types:**

- Wrong wiring
- Reverse polarity
- Missing components
- Incorrect IC pin connection
- Biasing errors

**Task:**

- Identify faults.
- Correct errors.
- Demonstrate working output.

**Time Duration:**

15–25 minutes per participant.

**Rules:**

- Only provided components/tools may be used.
- Participants must follow safe handling practices.
- Judges may ask participants to explain debugging steps.

---

# ROBOT FIRE – Fun & Crowd Engaging Event

## ROUND 1 – Lucky Task Arena

### Concept:

- Each team picks a Lucky Challenge Card randomly.
- Each card contains a different fun robotic task.

---

## Lucky Challenge Task Ideas

- **Balloon Burst Mission**

The robot must burst balloons placed in the arena using an attached mechanism.

- **Treasure Push**

Robots must push objects into marked zones.

- **Treasure Hunt**

Hide small objects in the arena.
Robot detects obstacle and stops near object

### Time Limit

3 – 4 minutes per team

### Judging Criteria

Task Completion - 40

Creativity-25

Robot Control-20

Crowd Engagement-15

---

*Top teams qualify for Round 2*

## ROUND 2 – Ultimate Robo Race

This is the main thrilling final round.

**Task**

Robots must complete a fun obstacle track with crowd-hype elements.

---

**Track Design** (Make it visually exciting)

✔Zig-zag speed path

✔Rotating obstacle

✔Final sprint track

---

❖ **Special Crowd Twist**

At one checkpoint, audience can:

- Choose difficulty level

- Activate extra obstacle

(This makes audience feel involved and excited)

---

**Time Limit**

3 minutes

---

**Judging Criteria**

➔ Track Completion - 40

➔ Speed - 25

➔ Stability - 20

➔ Style & Control - 15

---

**Robot Rules**

• Max size: 20cm × 20cm × 20cm

• Voltage limit: 12V

• Wired / Wireless allowed

---

**Team Structure**

• Max 3 members

• Inter-college allowed

---

## Volunteer Roles

- **Crowd Team**

  Encourage cheering and manage audience

- **Technical Team**

  Track maintenance & timer

- **Control Team**

  Score calculation & results

---

## Event Flow

1. Registration
2. Round 1 Lucky Challenge
3. Short Break + Announce Finalists
4. Round 2 Robo Race
5. Prize Distribution

---

## ROBOT FIRE – Rules & Regulations

### General Rules

- Each team can have a maximum of 3 members.
- The event consists of two rounds.
- Teams must report 30 minutes before the event starts.
- Participants must follow coordinator and judge instructions at all times.
- Judges' decisions will be final and binding.

- Any kind of malpractice or misbehavior will lead to disqualification.

**Robot Specifications**

- Maximum robot dimension: 20 cm × 20 cm × 20 cm.
- Maximum power supply allowed: 12 Volts.
- Robots can be wired or wireless.
- The robot must be self-built or self-assembled.
- Ready-made toy cars are not allowed.
- A robot must carry its own power source.
- Robots must not damage the arena or obstacles.

**Junior Lego Division (Jr):**

- Must fit within a box of 20cm x 20cm x 20cm (L x W x H) at any point in time.
- Maximum weight: 5kg including batteries (5% tolerance allowed).
- Can be circular or rectangular in design.

**Senior Division (Sr) :**

- Must fit within a box of 20cm x 20cm x 20cm (L x W x H) at any point in time.
- Maximum weight: 5kg including batteries (5% tolerance allowed).
- Can be circular or rectangular in design.

---

**Round 1 – Lucky Task Arena Rules**

- Each team must pick a random challenge task.
- Teams must complete the assigned task within the given time.
- Manual handling of robots during the run is not allowed.
- If the robot stops, teams may restart only with judge permission.
- Points will be awarded based on task completion and robot control.

---

**Round 2 – Robo Race Rules**

- Teams must complete the obstacle track within the time limit.
- Robots must follow the designated track path.
- Skipping obstacles or shortcuts is strictly not allowed.
- Track completion time will be recorded for scoring.

---

**Time Rules**

- Each team will be given a fixed time limit.
- Time starts when the robot crosses the start line.
- Exceeding the time limit will result in a penalty or termination of run.

---

**Penalty & Disqualification**

- Touching or lifting the robot during the run – Marks deduction.
- Damaging arena or obstacles – Disqualification.
- Unsafe or harmful robot design – Disqualification.
- Failure to follow track or task instructions – Disqualification.

---

**Participant Responsibilities**

- Teams must bring their own robot, batteries, and tools.
- Organizers are not responsible for robot damage or power issues.

Participants must maintain discipline and sportsmanship.

---

# PAPER PRESENTATION

**General Rules**

1. The event will be conducted as a **Single Round** competition.
2. Each team can have **1–4 Participants**.
3. Participants must register before the deadline.
4. Topic should be related to **Engineering / Technology / Innovation / Emerging Trends**.
5. Abstract (150–250 words) must be submitted before the event.
6. Presentation must be in **PPT format** and **prototype(optional)**
7. Maximum slides allowed: **08–10slides**.
8. Total time:
    - Presentation: **4-6 minutes**
    - Q&A: **2–4 minutes**
9. Participants must report 30 minutes before their slot.

10. Judges' decisions will be final and binding.

**Presentation Guidelines**

- First slide must contain:
  - Title
  - Team Members Name
  - College Name
- Content must be original.
- Plagiarism is strictly prohibited.
- Proper technical explanation and real-world application must be included.
- Use Circuit diagrams, flowcharts, or graphs wherever necessary.
- Avoid overcrowded slides (less text, more clarity).

---

# A Minute to win:

**<u>Total three rounds:</u>**

1. Balloon on cup
2. Back flip
3. This blows
4. Blow ball(tiebreaker)

**1 .Balloon on Cup**

**Rules:**

1. Use one balloon and one plastic cup per player.
2. Place the cup upside down on a flat surface.
3. Players must use **only their breath** to move and control the balloon.
4. Hands or any other body parts cannot touch the balloon during the attempt.

5. The balloon must hover above the cup using controlled blowing.
6. The balloon must be landed softly on top of the upside-down cup.
7. The balloon must stay balanced on the cup for at least **3 seconds** to count.
8. If the balloon touches the table, floor, or player's hands, the attempt does not count.
9. Each player gets a fixed time limit (e.g., 1 minute) or a set number of attempts.
10. The player who lands the most successful balances (or finishes first) wins.

## 2. Back flip

**Rules:**

1. Each player uses one to three pencil
2. Place the pencil flat on the back of your hand.
3. Only one hand may be used for flipping and catching.
4. Flip the pencil upward from the back of your hand.
5. The pencil must complete at least one full rotation in the air.
6. Catch the pencil in the same hand (palm side).
7. The pencil must not touch the table, floor, body, or clothing.
8. Using the other hand is not allowed.
9. A flip that does not fully rotate does not count.
10. The player with the most successful flips (or first to the decided number) win

## 3. This Blows

**Rules :**

1. A plastic ball is placed in a water-filled cup.

2. The player must blow the ball into the target cup using only breath.

3. No touching the ball or cups with hands, mouth, or any object.

4. Cups must not be lifted or tilted.

5. If the ball falls out, it is placed back in the start cup by the judge.

### 4. Blow Ball (tiebreaker)

**Rules:**

1. A plate is filled with **two different colored balls mixed together**.
2. Before starting, the judge announces the **target color**.
3. The participant must blow out **ONLY the target color balls** from the plate.
4. **No physical touch allowed**.
5. Using hands or tilting the plate is not allowed.
6. The player must use **only their breath** to move the balls.
7. If the wrong color ball is blown out:**Immediate disqualification** .

---

**Things required:**

1. balloons
2. cups
3. colour balls (two colours)
4. pencils
5. plates
6. Marking tape
7. plastic cups

# THINK↔LINK

## (Each team should contain 3 members)

## ROUND-1

Movie Mime Mania! (Dumb charades)

**Rules:**

- Timing: 180 seconds
- Act and guess the movies as much as you can!
- But within a time.
- One should act and another two should guess the movie.

(12 TEAMS ONLY QUALIFIED FOR ROUND 2)

## ROUND-2

Lights, Camera, Guess!

**RULES:**

- Timing: 60 seconds per team
- Guess the movies back to back within the time limit.
- All three must answer one after another in sequence.
- The answering order must be fixed before the round starts.
- No member can skip their turn.

(6 TEAMS ONLY QUALIFIED FOR FINAL ROUND)

# ROUND-3

Brain Battle: Fact Edition

In this round, teams must distinguish truth from deception under time pressure.

**For every question:**

- The two hosts will read two statements.
- One statement is a Fact. The other statement is Fake
- The team must correctly identify the Fact within the given time.

**This round tests:**

- General Knowledge
- Logical reasoning
- Listening accuracy
- Quick decision-making

**Rules:**

- This is the knock-out round.
- 6 qualified teams will be paired into 3 one-on-one matches.
- Each question has 20 seconds time, totally 5 questions for each team.
- Scoring system:
  - Every correct answer rewards 20 points, for each wrong answer -10.
  - The 2 teams with High Scores will be considered as WINNERS.

**YUVASAKTHI 2K26**
**Rules and Regulations**
**Department of Electrical and Electronics Engineering**

## TECHNICAL EVENTS

### 1. THINK TANK (Paper Presentation)

- Participants can present individually or as a team of **maximum 2 members**.
- Paper must be related to **Electrical, Electronics, or Emerging Technologies**.
- Abstract should be submitted before the event for shortlisting.
- Presentation time: **8–10 minutes** + **Q&A session**.
- PPT format only; participants must bring their presentation on a pen drive.
- Judging criteria: **Innovation, Technical content, Presentation skills, and Q&A**.
- Decision of judges will be **final and binding**.

### 2. LINK & LIGHT (Connections)

- Each team must consist of **2 participants**.
- Participants must identify and complete the given **electrical/electronic circuit connections**.
- Time limit will be specified at the start of the event.
- Points will be awarded based on **accuracy, speed, and safety practices**.
- Any damage to components due to mishandling will lead to disqualification.
- Judges' decision is final.

### 3. BOT VELOCITY (Rover Race)

- Teams can have **2–3 participants**.
- Robots must be **manually controlled** (wired or wireless as specified).
- The objective is to complete the track in **minimum time**.
- Robots must adhere to size and power specifications announced before the event.

- External damage to other robots is not allowed.
- Judges' decision is final in all circumstances.

**NON-TECHNICAL EVENTS**

**1. MYSTIC TRAIL (Treasure Hunt)**

- Each team must contain **2–4 participants**.
- Participants must follow the clues to reach the final destination.
- Use of mobile phones is **strictly prohibited** unless permitted by coordinators.
- The first team to complete all levels correctly will be declared the winner.
- Damaging campus property or violating rules leads to disqualification.
- Coordinators' decision will be final.

**2. FACE TO FACE**

- Each team must contain **only 1 participant**.
- Show **different facial reactions** on one side.
- The opposite participant must **not laugh** while watching the reactions.
- One participant performs funny or strange facial expressions.
- The other participant must stay serious and control their laughter.
- No touching or physical actions are allowed.
- Only facial expressions are permitted (no speaking or sound effects).
- If the observing participant laughs, smiles, or loses control → they are **out**.
- At the end of the game, the participant who **does not laugh** is declared the **winner**.

**2. ON THE SPOT GAME**

- Each team must contain **2 to 4 participants**.
- The **on-the-spot game** will be decided by a **lot box method**.
- Teams must be ready to play whichever game they pick.
- All participants must follow the instructions given for the selected game.

- No arguments with judges' decisions will be allowed.
- Teams must maintain discipline and fair play.
- Any form of cheating or misconduct will lead to disqualification.
- Winners will be chosen based on the **judge's rules and evaluation criteria**.
- The judge's decision will be **final and binding**.

# Department
# of
# Civil Engineering

**Department of Civil Engineering**

**Symposium YUVASKATHI – 2k26**

## PAPER PRESENTATION – Rules

1. **Team Structure**
   - Each team can have 1 or 2 members.
   - All participants must complete registration on or before 4th march.
2. **Topic Selection**
   - The topic must be related to Engineering Innovation for Inclusive Growth.
   - The content must be original work done by the participants.
   - Plagiarism or copied content is strictly not allowed.
3. **Paper Format.**
   - The PPT should be prepared in Times New Roman font and must not exceed 10 slides.
   - Use 1.5 line spacing and a font size of 12.

**The paper should include**

- Title
- Abstract (short summary)
- Introduction
- Main Content / Explanation

- Conclusion
- References

**4. Submission**

- The paper must be submitted on or before the given deadline.
- Late submissions will not be accepted.
- The format of the paper presentation should be in PPT.
- Participants are requested to submit the PPT on or before 4th March to yuvasakthi@nprcolleges.org.
- The PPT file name should be the respective team name.

**5. Presentation**

- Each team will get 10 minutes to present their paper.
- 2–3 minutes will be given for questions from judges.
- Presentation can be done using PowerPoint.
- Participants must follow the time limit strictly.

**6. Evaluation Criteria**
**Teams will be judged based on:**

- Clarity of topic
- Quality of content
- Understanding of subject
- Presentation skills
- Ability to answer questions

## 7. General Rules

- Formal dress code is expected.
- Maintain discipline during the event.
- Judges decision will be final and binding.

# BREAK THE CODE

## Rules and Regulations

1. **Team Structure**
   - All participants must be registered before the event begins.
   - It's an individual event.
2. **Code Book**
   - Each participant will be provided with a Code Book at the start of the event.
   - The Code Book will contain important civil engineering terms, symbols, values, formulas, standards, or hints.
   - All questions in the event will be based mainly on the Code Book.
   - Participants must carefully study and use the Code Book to decode answers.
   - The Code Book must not be exchanged between teams.
3. **Event Format**
   - A total of 25 questions will be given to each participant.
   - you must use the Code Book to interpret and find the correct answer.
4. **Time Limit**
   - Answers must be submitted within the given time of 45 min
5. **Scoring**
   - Correct answers will receive points.

- Faster correct responses may receive bonus points.
- The participant with the highest total score will be declared the winner.

## 6. General Rules

- Only the provided Code Book is allowed for reference.
- Use of mobile phones or external materials is strictly prohibited.
- Any malpractice will lead to disqualification.
- Judges' decision will be final.

## CAD CONTEST – Rules and Regulations

1. **Team Structure**
   - It is an individual event.
   - All participants must complete registration before the event.
2. **Software**
   - The contest will be conducted using approved CAD software (as specified by the organizers).
   - Participants must use only the software provided during the event.
3. **Problem Statement**
   - A drawing or design problem will be given at the start of the contest.
   - Participants must complete the drawing based on the given dimensions and instructions.
   - Modifications outside the given instructions are not allowed.
4. **Time Limit**
   - The total time for the contest will be announced at the beginning.
   - Participants must submit their final drawing within the given time.
5. **Submission**
   - The final file must be saved and submitted in the specified format.
   - File name format should follow the instructions given by the organizers.

6. **Evaluation Criteria**
   **Drawings will be judged based on:**
   - Accuracy of dimensions
   - Proper use of layers and tools
   - Neatness and clarity
   - Completion within time
   - Overall presentation
7. **General Rules**
   - Use of mobile phones or external storage devices is prohibited.
   - Participants must not copy from others.
   - Judges' decision will be final and binding.

## TREASURE TRAIL – Rules and Regulations

1. **Team Structure**
   - Each team must consist of 2 members.
2. **Objective**
   - Teams must collect all the required stamps in the specific order given at the start of the event.
   - Only teams that complete the full sequence correctly will be considered for winning.
3. **Stamp Collection**
   - To receive a stamp, teams must complete a challenge or solve a riddle at each location.
   - After successfully completing the task, the Stamp Master will provide the next location clue.
   - Clues will be given only after the current challenge is cleared.
4. **Order Rule**
   - Stamps must be collected strictly in the assigned order.
   - If a team collects stamps in the wrong order, they will be disqualified.
5. **Winning Criteria**
   - The team that correctly collects all stamps in order in the shortest time will be declared the winner.
6. **Conduct Rules**

- Running or shouting is strictly prohibited.
- Teams must not follow or track other teams.
- Any team found doing so will be disqualified.
- Participants are expected to maintain proper discipline and decorum throughout the event.

**7. General Rule**

- Organizers' and judges' decisions will be final and binding.

# PROJECT TYCOON – Rules

## 1. Team Structure

- Each team must have 2 members.
- Each team will represent itself as a company with a unique name.

## 2. Starting Capital

- Every team will receive ₹100 Crore as virtual capital.
- No extra capital can be added.
- All investments must stay within the ₹100 Crore limit.

## 3. Investment Rules

- Teams must invest in real-world sectors such as gold, stock market (specific companies), real estate, startups, or other legal businesses.
- **Teams must clearly mention:**
    - How much they are investing in each sector
    - Why they chose it
    - Expected returns
    - Risk level

## 4. Strategy

- Teams must prepare a clear investment plan.
- The plan should include fund distribution and expected profit.
- A simple backup plan in case of loss should be mentioned.

**5. Confidentiality**

- Teams must keep their strategies confidential.
- Sharing plans with other teams may lead to penalties.

**6. Presentation**

- Each team will get 5–8 minutes to present their strategy.
- Judges may ask questions after the presentation.

**7. Evaluation**

**Teams will be judged based on:**

- Clarity of strategy
- Financial logic
- Risk understanding
- Presentation
- Answers to judges

**8. Results**

- The team with the highest score will be the winner.
- The second-highest will be runner-up.
- Judges' decision will be final.

**NPR COLLEGE OF ENGINEERING AND TECHNOLOGY - NATHAM, DINDIGUL**
**(AN AUTONOMOUS INSTITUTION)**
**Date: March 6, 2026**
**Department Of Mechanical Engineering**

## TECHNICAL EVENTS

- **Paper Presentation**
- **Participation: Individual or team participation (Maximum 2 members).**
- **Submission: Abstract submission is mandatory before the event.**
- **Duration: Presentation duration is 5–10 minutes followed by Q&A.**
- **Format: Presentation must be in PowerPoint format.**
- **Evaluation: Based on Innovation, Technical Content, Presentation Skills, and Understanding.**
- **Decision: Judges' decision will be final and binding.**

### CAD Modeling Challenge

- **Participation: Individual participation only.**
- **Task: Participants must complete the given design within the allotted time.**
- **Software: Any standard CAD software may be used.**
- **Evaluation: Based on Accuracy, Creativity, and Time Management.**
- **Decision: Judges' decision will be final.**

### Technical Quiz

- **Participation: Team of 2 participants.**
- **Format: Multiple rounds including core and general engineering questions.**
- **Prohibitions: Use of mobile phones or electronic devices is strictly prohibited.**

- **Tie-breaker: A tie-breaker round will be conducted if necessary.**
- **Decision: Quiz master's decision will be final.NON-TECHNICAL EVENTS**

**Poster Making**

- **Participation: Individual participation.**
- **Format: Topic will be given on the spot.**
- **Requirements: Participants must bring required materials.**
- **Evaluation: Based on Creativity, Relevance, and Presentation.**

**JAM (Just A Minute)**

- **Participation: Individual participation.**
- **Rules: Participants must speak for one minute without hesitation, repetition, or deviation.**
- **Evaluation: Based on Fluency, Confidence, and Content.**
- **Decision: Judges' decision will be final.**

**Fun Quiz**

- **Participation: Team of 2–3 participants.**
- **Content: Questions include entertainment, current affairs, and general knowledge.**
- **Prohibitions: Use of electronic gadgets is not allowed.**
- **Decision: Judges' decision will be final and binding.**
